TENERIFE TEIDE 4 VOLCANO CHARITY OPEN CHALLENGE

clubactivo
 CYCLING TENERIFE

THE CHALLENGE

Take on the majestic Mount Teide, Spain's highest peak at 3700 metres, from four different approaches—west, south north and east! Ride at altitudes of over 2000 metres and discover the most popular routes made famous by the pro teams! Choose your level, ride on great road surfaces, experience the marvellous views and landscapes and ride in the glorious warm weather that Tenerife has to offer! There's also the chance to extend your time in Tenerife and combine the challenge with a holiday with friends and family!

ITINERARY

- Wednesday: Arrival, bike organisation, dinner, welcome and briefing.
- Thursday: Teide West
- Friday: Morning Teide South
- Friday: Afternoon Teide North (directly from the south)
- Saturday: Teide East
- Sunday: Depart

DATES

1. 5th - 9th October 2016
2. 14th - 18th December 2016
3. 8th - 12th February 2017
4. 26th - 30th April 2017

THE RIDES

RIDE 1: TEIDE WEST

Level 1: 67kms/1130m
Level 2: 80kms/1850m
Format: One way drop off (25 or 40 minutes)

Description: We start with Teide's easiest approach from the west side. Starting from Chio or Los Paleos, we head through the Coronal Forest towards Boca Tauce and on to the Parador—the world famous hotel and home to the pros! From here we head down the mountain through Vilaflor and capture a glimpse of the next day's climb from the south!

RIDE 2: TEIDE SOUTH

Level 1: 41kms/1400m
Level 2: 54kms/2100m
Format: One way drop off (25 or 45 minutes)

Description: With a short transfer from the resort, we head up to Teide from the south side passing through the delightful town of San Miguel and Granadilla where we start our first climb to Vilaflor. After a short break, we ride up to Retamar before dropping in to the crater and heading for El Portillo—the start point of ride 3.

RIDE 3: TEIDE NORTH

Level 1: 74kms/1050m
Level 2: 114kms/2260m
Format: Continuation of ride 2

Description: From El Portillo, we drop down the north side of the island towards Agumansa and Puerto de la Cruz which will provide some well deserved relief for the legs. We then turn around and climb back towards the Teide National Park and head back towards the south. This could possibly be your biggest ever day on the bike!

RIDE 4: TEIDE EAST

Level 1: 79kms/1460m
Level 2: 95kms/2800m
Format: Drop off (45 or 60 minutes)

Description: We have saved the most scenic approach to last. We will ride above the clouds with magnificent views of the Teide, Puerto de la Cruz and the Atlantic Ocean on two sides! After passing through the carter, we will ride all the way back to southern resorts which will bring an end to this most challenging of challenges!
